PBS DigitalInnovators

Program Evolution

Small Group of Product Ambassadors

Nominated by local PBS station, advancement of digital learning in education.

30 "Lead" Digital Innovators

Summit attached to ISTE. 100 local DI's with "30" leads.

52 DI's from Every State and Territory

Emphasis on classroom changemakers.

2013 — 2014 — 2015 — 2016 — 2017 — 2018

Large Group of Product Ambassadors

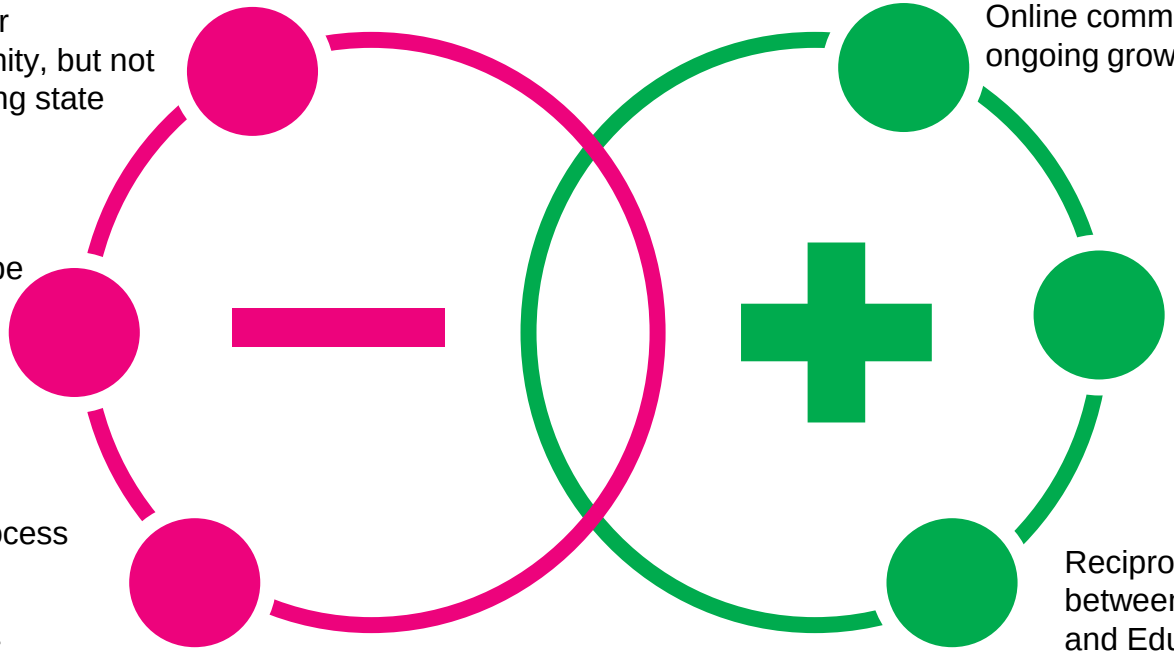
Selected by application, focus on tech-savvy teachers incorporating digital media and technology in the classroom.

Lead DI from Every State

Recognized excellence in using technology and digital media to support student learning, 100 local DI's 52 "leads" that attended the summit.

All-Stars Selected by Local DI's

Strengths and Weaknesses



Building national educator community, but not cultivating state

Tech focus can be limiting to the applicant pool

Application process brings great educators, but sometimes our stations can't work with them

Online community encourages ongoing growth and sharing

Program can put star educators onto PBS/Station "engagement ladder"

Reciprocal relationship between PBS, Stations and Educators

PBS DigitalInnovators

PBS Recognition Program: PBS Digital Innovator All Stars

- Every other year station/state/regional programs will nominate DI's to become an All-Star
- Selected All-Stars and station reps will attend the All-Star summit (tied to ISTE)
- Two year program: first year virtual professional learning series, developed with stations; second year deeper engagement with station and PBS

PBS DigitalInnovators

PBS Recognition Program: Early Learning Champs

- Recognize, spotlight and celebrate educators of young children
- Facilitate pathways for professional growth
- Develop strong relationships between local educators, stations and stakeholders
- Create community and networking opportunities for educators of young children
- Lift up and elevate voices of early childhood educators

PBS Digital Innovators

PBS Recognition Program: Early Learning Champs

- Every other year station/states/regions who have an established Early Learning engagement strategy in their community will nominate Early Learning Champions
- Selected Champions and station reps will attend the Early Learning Champion summit (tied to NAEYC)
- Two year program: first year personal growth, second year elevate their learning (all while building and establishing communities of practice)
- Will run another program in 2019

PBS DigitalInnovators

Future Vision: State + ‘Digital Innovator’ = #Winning!

Recognized educators will lead and support stations with local initiatives

All Stars will provide national exposure and platforms, while helping to grow online teacher communities

Localized programs (with PBS Support), paired with an exclusive “All Star” experience

PBS Digital Innovators

Models

Station Recognition Program

- Each station runs and own their own “teacher recognition” program
- Each station will then have their own group of teachers working on station specific programs
- If station already has a teacher recognition program, that program can be leveraged

State Recognition Program

- Stations across a particular state can partner together and have a state-wide DI program
- Not all stations in one state have to participate in a statewide program
- This allows educators in states with some stations who are not participating to have a “home”

Regional Recognition Program

- Stations in each region can partner together and have a regional DI program
- This helps to build relationships between states and stations
- A good rural solution
- Helps distribute capacity needs

PBS DigitalInnovators

Who and What are Classroom Changemakers

Who

- Educators who are “classroom changemakers”
- Educators who may help local stations with education events and products
- Educators who are we can learn from, and who can learn from us
- PBS Nerds

What

- Could be focused on one area of practice (all science teachers)
- Could already be a program under a name other than “digital innovator”
- Professional growth tracks could be created and innovated by All Stars
- Could hold state/station/regional summits
